- <sup>1/</sup> Insured unemployment in any calendar week is the number of people who have completed a week of unemployment during that week and have claimed benefit credit for it under the regular program of the Illinois Unemployment Compensation Act.
- <sup>2/</sup> Average monthly employment covered under Illinois Unemployment Compensation Act. Source: Reports of Illinois Division of Unemployment Compensation to the United States Bureau of Employment Security.
- <sup>3/</sup> Computed in thousandths of one percent, with ten-thousandths of one percent dropped.
- <sup>4/</sup> As published by United States Bureau of Employment Security, Handbook of Unemployment Insurance Financial Data, 1938-1958, Section II. The corresponding figure as computed from the reports of the Illinois Division of Unemployment Compensation to the United States Bureau of Employment Security is slightly different.

Year and month	Total benefit payments in 12-month period ended during month <sup>1/</sup>	Total wages in year ended at end of last completed calendar quarter <sup>2/</sup>	Benefit cost rate (benefit payments as percentage of total wages)
----------------	--	---	---

- <sup>1/</sup> Unadjusted for voided benefit checks and for transfers under the interstate combined wage plan. As the 12-month figures were cumulated from monthly benefit payments expressed in thousands of dollars, they may differ slightly from exact annual totals. The calendar year totals for 1947, 1950, 1956, 1959 and 1961 were adjusted slightly in order that they should agree exactly with the corresponding figures in Table XV.

TABLE XII

Employment covered by Illinois Unemployment Compensation Act, by industry group,  
by month, with annual averages, 1947-1965 1/  
(in thousands)

## FOOTNOTES

- 1/ Source: Reports of Illinois Division of Unemployment Compensation to the United States Bureau of Employment Security. As a result of rounding, the figures may not add up to the totals and subtotals of which they form a part.
- 2/ During 1947-1957, the Industry Group was based on the 1945 Standard Industrial Classification Manual for manufacturing and on the 1942 Social Security Board Industrial Classification Code for nonmanufacturing. Starting in 1958, it was based on the 1957 Standard Industrial Classification Manual as amended by 1963 Supplement.
- 3/ Dairies were included in retail trade before 1958 and in the manufacturing of food and kindred products starting in 1958.
- 4/ Includes ordnance, tobacco products, rubber and miscellaneous plastic products, instruments and related products, and miscellaneous manufacturing industries.
- 5/ As published by United States Bureau of Employment Security, Handbook of Unemployment Financial Data 1946-1964, Section 11. The corresponding figure as calculated from the reports of the Illinois Division of Unemployment Compensation to the United States Bureau of Employment Security is slightly different. It is 2,260.8 for 1949, 2,324.9 for 1950, 2,542.2 for 1958, and 2,671.0 for 1963.

TABLE XIV

Compensated unemployment in relation to covered employment, by industry group, Illinois, in selected years, 1950-1955 1 - Concluded

FOOTNOTES

- 1/ Includes only unemployment compensated under regular program of Illinois Unemployment Compensation Act. Source: Illinois Division of Unemployment Compensation.
- 2/ For compensated unemployment, the industry group is that of an employer in the base period during which the beneficiary earned the wages on which his benefit rights were based. If the beneficiary had more than one employer in the base period, the industry used since September 1952 is that of the employer who gave the beneficiary the largest amount of wages in any quarter of the year. Prior to September 1952, the industry may have been obtained from any employer of the beneficiary in the base period but usually from the last employer.
- 3/ Average monthly number of unemployment compensation beneficiaries. As the figures given are averages of monthly totals, they exceed the figures on insured unemployment which are average weekly numbers. Beneficiaries who were not classified by industry were distributed in proportion to those classified.
- 4/ Average monthly employment covered under Illinois Unemployment Compensation Act.
- 5/ As published by United States Bureau of Employment Security, Handbook of Unemployment Insurance Financial Data, 1938-1958, Section 11. The corresponding figure as calculated from the reports of the Illinois Division of Unemployment Compensation to the United States Bureau of Employment Security is slightly different (2924.9).
- 6/ Dairies were included in retail trade before 1959 and in the manufacturing of food and kindred products starting with 1958.
- 7/ Includes ordnance, tobacco products, rubber and miscellaneous plastics products, instruments and related products, and miscellaneous manufacturing industries.

## FOOTNOTES

- 1/ Source: Illinois Division of Unemployment Compensation. Figures have not been adjusted for voided benefit checks and transfers under the interstate combined wage plan. They include temporary emergency benefits, which were paid in 1959 and 1961.
- 2/ Of employer in base period during which the beneficiary earned the wages on which his benefit rights were based. If the beneficiary had more than one employer in the base period, the industry used since September 1952 is that of the employer who gave the beneficiary the largest amount of wages in any quarter of the year. Prior to September 1952, the industry may have been obtained from any employer of the beneficiary in the base period but usually from the last employer.
- 3/ As a result of rounding, the totals and subtotals in the columns may not add up exactly to the sums of the individual items of which they are composed.
- 4/ Dairies were included in retail trade before 1958 and in the manufacturing of food and kindred products starting with 1958.
- 5/ Includes ordnance, tobacco products, rubber and miscellaneous plastics products, instruments and related products, and miscellaneous manufacturing industries.
